Cherley Bell, the accommodating German-  
town bus man, had one of his fine horses to

The Smiths predominate at Harvard just as  
they do in many other communities. Out of  
approximately 5,500 students listed in the  
College catalogue, 50 bear the name of Smith.

Miss Dela Mason, whose illness has been  
noted, died last evening at 6 o'clock at the  
home of her mother, Mrs. Dan Coughlin, in  
Washington, after a short illness with typhoid  
fever, aged about 25. Funeral tomorrow  
morning at 10 o'clock from the house. Interment  
in Washington Cemetery.

Ripley Dec: "Frank McIntosh was one of  
the three men drowned in the Ohio River at  
Cincinnati last Sunday week ago. The bodies  
have all been recovered within the last few  
days. Mr. McIntosh was 21 years of age, and  
was a former resident of Ripley. He was a  
grandson of John Osborne, who was buried  
here last Sunday afternoon."

Former Banker Indicted  
At Covington the United States Grand Jury  
returned an indictment against William Knepe,  
the former teller of the German National  
Bank, who is charged in ten counts with re-  
sponsibility for the \$147,272.20 shortage.

Wadero Now Boss of Mexico  
VERA CRUZ, MEX., October 23.—The re-  
volt of General Felix Diaz, nephew of the ex-  
iled President, has been short lived. The  
town of Vera Cruz, which he occupied with  
about 2,000 adherents for several days, was  
captured by the Federal forces today.

General Felix Diaz is captured and the  
revolt is ended and Diaz and 50 others may  
be executed.

Roosevelt Steadily Improving  
OYSTER BAY, N. Y., October 23.—The  
barriers between Sagamore Hill and the rest  
of the world was up today and nothing was to  
be seen of Colonel Roosevelt. A few visitors,  
however, succeeded in getting past, and through  
them the news filtered out that the Colonel  
was steadily improving.

Colonel Roosevelt has been resting in bed  
since his return and is distinctly better. The  
word shows that the healthy healing pro-  
cesses are going on.

SOME SHOER

Jonas Myall Shod 120 Mules in Day  
With Brother's Help

Mr. Jonas Myall of Maysville, one of Mason  
county's oldest and most esteemed citizens was  
in Maysville yesterday and ordered his LUNCH  
sent to Joplin, Mo., for the next four months,  
where he will spend the winter with his son,  
Mr. Jonas Myall, Jr., who resides in that  
growing city.

Mr. Myall, Sr., is now in his 88th year and  
has the robust look of a man of 50.  
This fact is partly accounted for owing to  
his being for years the champion blacksmith  
of this entire section and he holds the world's  
record for shoeing mules.

Long before the war when Mr. Myall and  
his brother were running a blacksmith shop at  
Maysville, he informed THE PUBLIC LEDGER, in  
one day he and his brother shod 120 mules, all  
around—four shoes each.

The price was 75 cents each mule, or \$90  
for the day's work.  
Mr. Myall is venerable in name only for he  
is fat and healthy, and looks like he enjoys  
vigorous health to the utmost.  
He is one of THE LEDGER's oldest sub-  
scribers, and here's hoping that he will round  
out his subscription.

### Train Victim Died

John Henry Turner, a colored cement worker,  
who was run down by a train at the Sixth  
street crossing, Covington, Sunday, died Wed-  
nesday at St. Elizabeth's Hospital in that city.  
Turner's legs were cut off and his skull frac-  
tured. Turner formerly resided in Maysville,  
where he leaves a widow.

The remains will arrive here on the 1:36  
C. and O. train this afternoon. The funeral  
will take place tomorrow afternoon at 2  
o'clock from the M. E. Church, Fourth street,  
with services by Rev. Franklin. Interment in  
Maysville Cemetery.

Born, to Mr. and Mrs. James Hutchison of  
the East End last night, an 8-pound boy.

### Ruling on Insurance

Sick benefits from an insurance policy should  
be used to keep the policy in force, and a  
patient insured can recover if he is ill enough  
to remain in the house, it not being necessary  
for him to remain in bed.

The Appellate Court so held in affirming the  
judgement of the Warren Circuit Court in  
the case of the Home Protection Association  
against Heister Williams. Mrs. Williams re-  
covered \$300.

Humane Work to Be Demonstrated  
With Miss Lida D. Woods  
Chairman

The Humane Department of the Woman's  
Club will have charge of the program Satur-  
day at 2 o'clock.

Miss Lida D. Woods, the chairman, has ar-  
ranged an excellent program, and will be  
here herself to preside.

Every man, woman and child in Maysville  
should be interested in the subject for Satur-  
day, for unless we have the co-operation of  
all it cannot be made the success that we wish  
for. The program is as follows:

1. CHILD'S WELFARE.
2. "The New Government Bureau For  
Children"—Mrs. E. L. Worthington.
3. "Juvenile Courts"—Mrs. J. M. Young.
4. "Conditions in Maysville"—Mrs. John  
Barbour.

Mr. and Mrs. William E. Myall left this  
morning for Oklahoma City, Okla., where they  
will probably locate.

### "AS BREAD CAST UPON THE WATERS"

During the great flood in the Mississippi  
River last spring the Oddfellows subscribed  
liberally to their suffering brethren in Hick-  
man, Ky., where thousands were driven from  
their homes by the rushing waters, Colonel J.  
Barbour Russell of this city being among the  
members who forwarded his check for a liberal  
amount.

This week Mr. Russell was greatly surprised  
on receiving a letter from Past Grand Master  
Otto A. Breth of Newport enclosing a check  
for one half the money he sent to the Hickman  
relief fund, Mr. Breth adding that it was Mr.  
Russell's share of the balance of the fund re-  
maining on hand after the flood, the Grand  
Lodge ordering its pro rata return to the  
donors.

Telling THE LEDGER about his unexpected  
windfall, Mr. Russell declared the Oddfellows  
were G. P. O. E., which being interpreted,  
means  
"Greatest People on Earth."

FOR PRESIDENT,  
 WILLIAM HOWARD TAFT.  
 FOR VICE PRESIDENT,  
 JAMES S. SHERMAN.  
 FOR CONGRESS,  
 HON. HARRY BAILEY.  
 FOR APPELLATE JUDGE,  
 JUDGE A. J. KIRK.

It is asserted that the Colonel has not yet learned exactly where he stands on the Tariff question. But his followers have made it clear what the platform must be on that point. It must be low Tariff in Iowa and high Tariff in Pennsylvania.—Pittsburgh Dispatch.

Do not forget that in 1893, when the howl for cheapness was answered by a tremendous drop in prices in the United States, production fell off so greatly that the people consumed 33 per cent. less of nearly every sort of product than they did during the era of high prices. It makes precious little difference to a man if things are as cheap as dirt if he lacks money to buy them.

## HAS MADE WEST VIRGINIA.

If the people of any state should stand up as a unit for the Protective Tariff it should be the people of West Virginia. The Protective Tariff has made West Virginia. No matter how the Tariff may operate as to other states, it is THE thing for this raw-material-producing state of ours. Let West Virginians look after their own interests first, and if they do they will stand firmly in support of the Protective feature connected with our Tariff policy.—Kingwood Journal.

## PROTECTION AS AN ASSET.

"Prosperity," says the Washington Herald, "is the one great asset of the Republican party to-day." True, as far as it goes, but only half of the case is stated. The first half is left out. Let us begin at the beginning. Prosperity is with us because all labor is employed at good wages. In a recent issue of the Chicago Tribune the advertisement of "Help Wanted" and the "Situations Wanted" showed that help was wanted at the rate of twenty to one of situations wanted. This is prosperity for everybody—for wage-earners, for wage payers, for farmers, for merchants, for clergymen, doctors, lawyers, bankers, and all who work for gain. Why is labor so fully employed? Because, under a Protective Tariff, the Republic is doing nineteen-twentieths of its own work, because Americans are working for each other; because American money stays at home and is paid to and spent by Americans instead of foreigners. Wherefore, let us change the statement of the Washington Herald, so that it will read: "Protection is the one great asset of the Republican party today." That is the real truth of the matter. It is a fact that has become so obvious to some extent by the fact that it is so.

of friends, the enemy, say that the Democracy has learned its mistakes and does not mean to repeat them. In some measure true as to the past; and the Republican party has had a difficult, if successful, task in teaching the Democracy its mistakes, so far as it has been taught; but somehow the obstinate pupil comes forward every four years to be taught again.

I am glad to say, however, that many Democrats have learned their lessons well, and are refusing to leave the firm ground of national prosperity for the quagmire of business disruption, trade depression and commercial and industrial depletion. From all parts of the country assurances are coming that Democrats intend to vote for the Republican candidates and a continuance of prosperous business conditions, and against the programs economic confusion and socialistic subversion of our institutions supported by the Democratic candidates and their allies.

Democratic working men refuse to be led from the factory and good wages of 1912 back to the Democratic hard times of 1893-97. They prefer independence and money in the savings bank to loss of employment and dependence on charity.

## LABOR'S BITTER ENEMY.

The Irish World, in its issue of October 12, draws attention to a fact that should have much weight in this campaign, namely, that Woodrow Wilson is plainly and unmistakably on record as an enemy of the American labor. The World quotes Professor Wilson, in 1909, in a commencement address to the students of Princeton University as saying:

The tendency of the modern labor union is to give employers as little labor as possible for what they receive.

So gross a libel as this is on the aims and purposes of organized labor ought to cost the Free-Trade candidate who uttered it the votes of all the members of American trades unions. In the same address the Free-Trade Professor said that such a regulation of labor as that which the trades unions undertake to enforce is "economically disastrous," "so unprofitable to the employer" that "our economic supremacy may be lost because the country grows more and more full of unprofitable service." If Professor Wilson believes this, and he says he does, he stands to do all in his power to abolish trades unions. In addition, he stands for exposing American labor to the unrestricted competition with the products of cheaper labor in other countries. Coupling the two propositions together, Woodrow Wilson shows himself to be an uncompromising enemy of labor.

SPOTTED HIM.

Ladies' Home Journal.  
 The court was having trouble getting a satisfactory jury.  
 "Is there any reason why you could not pass impartially on the evidence for and against the prisoner?" asked the Judge of a prospective juror.  
 "Yes," was the reply, "the very look of the man makes me think he is guilty."  
 "Why, man," exclaimed the judge, "that's the prosecuting attorney!"

THE THIRD TERM QUESTION.

## SUNDAY SCHOOLS OF KENTUCKY

State Convention Will Meet at Paducah

OCTOBER 29 TO NOVEMBER 1.

Famous Musicians to Be Present. Among Noted Speakers Are W. C. Pearce, Rev. F. N. Palmer, Rev. W. Fred Long and Various State Leaders and Divines.

The Forty-seventh Annual Convention of the Kentucky Sunday School Association will be held in Paducah Oct. 29-Nov. 1. The state executive committee has put forth every effort to make this the greatest convention ever held in the state, and in forming the program has secured experts covering every department of Sunday School endeavor. The pastor, the superintendent, the teacher, the pupil, the parent, all who are in any way interested in building up a true citizenship for our state and who desire to have the right influences come into the lives of the boys and girls, will find something helpful at the various sessions and conferences of the convention.

The music will be in charge of Professor E. O. Maxwell of Chicago, who will have as his pianist Professor A. W. Roper of Winona Lake, Ind. These two men led the music at the World's Sunday School Convention in Washington.

W. C. PEARCE.

ton, and also at the International Sunday School Convention at San Francisco. One of these has been fittingly called the "music king" and the other the "piano wizard."

The International Association will be represented by Mr. W. C. Pearce of Chicago, who for many years has been at the head of the organized adult Bible class movement in America. He will speak on such topics as "The Want and How of Teacher Training," "The Adult Bible Class and Its Meaning to the World," "The Sunday School Organized," "The Bible in Action." Mr. Pearce is a man of deep spiritual power and will help every one who has the opportunity of hearing him.

Dr. Palmer on Program.  
 Rev. F. N. Palmer, D. D., of Winona Lake, Ind., will have four periods of Bible study. Dr. Palmer will attend only a few conventions this year, and Kentucky has been particularly fortunate in securing him at this time.

Rev. W. Fred Long, general secretary of the Mississippi Sunday School Association, will be among the speakers and comes to pay a visit to his old home, as he is a Kentuckian and spent most of the years of his early manhood in Paducah. He is now one of the most successful Sunday School workers in America. One of his addresses will be "The Boy Overboard Hill."

Kentucky Speakers.  
 Among the speakers from Kentucky will be Judge C. G. Grasham of Paducah, Hon. J. B. Weaver of Louisville, president of the state association; Rev. George A. Joplin, general secretary of the state association; Hon. Houston Quinn of Louisville, chairman of the state executive committee; Rev. T. C. Gebauer of Henderson, Mr. W. J. Vaughan of Louisville, and Miss Maude L. Dance of Louisville, all field workers of the state association; Miss Frances L. Grikaby of Louisville, office secretary of the state association; Miss Nannie Lee Frayser of Louisville, so well known everywhere as a speaker of rare ability. Walter Frasier, state treasurer, president of the Kentucky Bible

Superintendent of the Southern Baptist Theological seminary, Louisville; Miss Madeline Renger of Louisville; Mrs. Agnes L. Elford of Ashland, president of the Jefferson County Association, and many others who will take part in the conferences. This will be a wonderful opportunity to meet with the leading Sunday School workers of the state and be able to ask and have answered many of the questions that are troubling you.

## THIS WOMAN'S TROUBLES GONE

Terrible Cramps, Dizzy Spells, Nervousness, Misery—Her Story of How She Got Well Again.

Hindsboro, Ill.—"Your remedies have relieved me of all my troubles. I would have such bearing down misery and cramps and such weak, nervous, dizzy spells that I would have to go to bed. Some days I could hardly stay up long enough to get a meal."

"The doctor's medicine did me no good so I changed to Lydia E. Pinkham's Vegetable Compound and got good results from the first bottle. I kept on taking it and used the Sanative Wash with it, until I was well again. I think every woman who suffers as I have, could take no better medicine."—Mrs. CHARLES MATTISON, Box 53, Hindsboro, Ill.

## Testimony of Trained Nurse.

Cathlamet, Wash.—"I am a nurse and when I do much lifting I have a female weakness, but I take Lydia E. Pinkham's Vegetable Compound and I cannot say enough in praise of it. I always recommend it for female troubles."—Mrs. ELVA BARBER EDWARDS, Box 54, Cathlamet, Wash.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

## TAFT WILL CARRY ILLINOIS

By Plurality of 50,000 Votes, Say Managers of Campaign

CHICAGO, ILL.—Figures compiled from 1,000 letters containing downstate polls by precincts and townships, lead the managers of the Republican National campaign to predict that President Taft will carry the state by a plurality of 50,000 votes.

Analyzing the polls, Director Mulvane of the Taft headquarters said: "About 600,000, or about one half of the voters of the state have been polled. Upon the ratio shown by this half of the state, and the figures include all sections, Wilson will get 425,000 votes. He will not get as many as Bryan did in 1908.

"President Taft will get 475,000 votes, which will give him the electoral vote of the state by a plurality of 50,000."

What Mr. Mulvane declared to be a typical poll, taken in the Southeastern part of the state, showed Taft 280, Wilson 150 and Roosevelt 45.

Reports received from a similar poll taken in New York State were given out by the Republican leaders. They show that if carried out in proportion on election day President Taft will have a plurality in upstate New York of 110,224. Mr. Roosevelt is given 115,000 to 431,000 for Taft and 321,000 for Wilson. The assertion is made that "it will be impossible for the Democrats to overcome the Taft upstate plurality in Greater New York."

THE fried egg debris worn by the men this fall are not doing anything to disprove the Darwinian theory.

By The Public Ledger, 1001 and 1002  
Maysville, Ky., Phone No. 10.

Alaska announces the discovery of a new gold field, but it would probably be willing to exchange the prize for a good truck farm.

Of the 70,000,000,000,000 cubic feet of water, which flows into the oceans from the rivers of the United States every year, but about 10 per cent. has been used for irrigation, 5 per cent. for power and 1 per cent. for municipal purposes.

**Fine Outlook For Tobacco Prices**  
Carlsruhe Advocate.

With offerings of 10 cents per pound and over for tobacco, farmers are jubilant over the outlook for excellent prices this season. Several have told us they have been offered 10 cents per pound and had refused it, and will sell over the loose leaf at what it brings. It is a bit or miss, but no risk no gain.

## HERE AT HOME

MAYSVILLE CITIZENS GLADLY TESTIFY AND  
CONFIDENTLY RECOMMEND DOAN'S  
KIDNEY PILLS

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Maysville citizen:

Mrs. Dora McElroy, Maysville, Ky., says: "Doan's Kidney Pills did me a lot of good and I am glad to tell about it. I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them, and before long I was entirely better. I was able to sleep well and they improved my health."

For sale by all dealers. Price 50 cents. Foster-McIlhenny Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## HISTORY

Written By Woodrow Wilson  
Describes Conditions of  
the Nineties

When the Cleveland Panic Was  
Dispelled By the Regime  
of William McKinley

Twenty years ago the nation swapped protection for free trade. Another college professor named Wilson drafted a tariff bill and a Democratic Congress passed it. There are hundreds of thousands of young men who do not remember what followed. Fortunately, however, we have distinguished witnesses to tell us Prof. Woodrow Wilson, the present Democratic candidate for President, wrote of this period in his "History of the American People."

"A great poverty and depression had come upon the Western mining regions and upon the agricultural regions of the West and South. Prices had fallen. Man of the poorer sort were idle everywhere and filled with a sort of despair. All the large cities and manufacturing towns teemed with unemployed working-men who were with the utmost difficulty kept from starvation by the systematic efforts of organized charity. In many cities public works were undertaken upon an extensive scale to give them employment."

And after four years of free trade the nation turned to Republicanism to open the factories and the mills. And this is how Prof. Wilson described in the same history the return of the nation to material prosperity:

"Not until the very year 1897, when the Republican administration came to did the real crisis seem past. The country had at last built its railway and manufacturing systems up, had at last got ready to come out of its debts, command foreign markets with something more than foodstuffs and make for itself a place of mastery."

But Prof. Wilson is Candidate Wilson now running on a platform that declares a protective tariff to be unconstitutional. He would have people forget what happened twenty years ago.

UNION TRUST & SAVINGS CO.  
MAYSVILLE, KY.

## JOHN WANAMAKER'S EPIGRAMS ON THE TARIFF.

"THE tearing down of the constitution and the tariff is like allowing a horde of enemies under the spell of a reckless leader to rip off the armor plate on our naval vessels."

"Nothing under heaven can stop the havoc of desperate fighters but a continent-wide rally of the Republican party."

"Taft and the top wave of prosperity, or destruction to industries," or "the whirligig administration of an unbalanced President."

"No new government ought to be permitted to check existing prosperity."

"The pleading of millions of American citizens from all over the land for work failed to stay the destroying hand of Cleveland and his free trade Congress."

"An act (the Wilson tariff) that closed American workshops, that reduced American wages and degraded American manhood to want, misery and starvation."

"Do American farmers, American workmen, American manufacturers, American merchants desire a return to the Cleveland condition? If so, the way is open by the election of a free trade President and a free trade Congress."

"I believe the Republican party can and will rightly revise the tariff."

There is more Catarrh in this section of the country than at other places put together, and until a few years ago it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. The Catarrh Cure, manufactured by F. J.
